DISTRIBUTOR

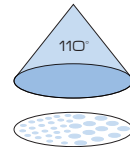

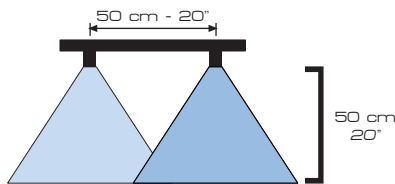

**LURMARK**

300.618.3 EPDM  
300.618.4 FPM/FKM

PAGE 33/43

Da 2.0 a 4.0 bar  
From 30 to 60 psi

**Materiali:** POM

**Impiego:** pre-emergenza e sistemici in post-emergenza. Gocce di dimensioni medie anche per anticrittogamici. Fornisce gocce di dimensioni più fini rispetto a un ugello standard. Riduzione della deriva. Facilità di smontaggio e pulizia. Elevata resistenza all'usura.

**Confezioni da:** 100

**Materials:** POM

**Use:** pre-emergence herbicides and post-emergence systemic herbicides spraying. Medium size droplets also for fungicides. Finer droplets compared to standard flat fan spray tip. Drift reduction. Easy cleaning. High wear resistance.

**Pieces per box:** 100
